GUTTER DOPE

VOL 55, NO 19 NOV 4, 1955

SAN ANTONIO RADIO CLUB

PROGRAM

Ben Cochran, W5FZA, will give a review on CW keying systems, such as blocked grid, blocked screen, etc., the theory behind each system and the advantages and disadvantages of the various methods. Benny is a CW man of long standing and has tried most of the systems at one time or another. This should be an interesting and informative program.

TIME: 8:00 PM November 4, 1955
PLACE: Woodlawn Lake Clubhouse
(Cincinnati Ave, just west of Zarzamora)

C D

Tests have been made between town and Raymond Russell Park, to see how well 2 mtrs would work from there. The tests were very surprising. Signals from 3-5 watt stations were S-9. Most signals with 25-100 watts were 20-30 over S-9. The ant. at the park was only 10 feet off the ground. Looks like there will be no problem about being able to set the CD nets up from there.

NOVICE EMERGENCY NET

All novices interested in forming an emergency net, on 40 meters, contact E.C., W5FQA. LE 3-5922 after 5:00 PM

CHRISTMAS PARTY

The annual club Christmas party will be on Dec 16, at Wolff's Inn. See the treasurer for tickets and/or reservations. Limited number of tickets available. Better get yours early, they are going fast.

I'm HOME PE 5-8952

XMTR HUNT

Every one who missed the last hunt, when Mac, W5DIR, hid among the roads behind the Gray Moss Inn, off scenic loop, surely missed a GOOD hunt. It was well hidden and some of the hunters who got in the vicinity early, still had a little trouble pinning him down.
Next Hunt----Sun.Nov.6,'55
1:30 PM
Start at Olmos Park. W5LVE hiding
Better start with full tank gas.

GUTTER SWEEPINS

Ralph, THU, has his new windmill tower up---Clint,OWS,should be on with a pair of 813's in the next few days---John,DIC, has a ground plane on 40 and is having lots of luck with DX---John, DKK, wants to know if anyone has some RG8-U. He needs about 50 ft---Fran, KQG, talked to George,LFG, from Ohio---Walt,HHO,says he will probably be on the next xmtr hunt---Willard, FND, the new club treas. with a new car HA-ha!---Derwin,LUU, worked the DX contest---Bob,JHH, off to school for his company,supposed to get back in time for the Christmas party---Carl,FHG,trying to organize an amateur club at his high school; thinks principals aren't real co-operative---Wonder what happened to E.C. FQA, on the last xmtr hunt. Suddenly went off the air---E.C. and Eddie ran an exhibit on amateur radio at the hobby show at Lamar elementary school---Some of the faces missed from the club lately, include,Dick,AX, Ed, KTL,-Paul, RT,-Frank, NWS,-Pat, VY,-Frank,EDX and many others. How about coming to a meeting, fellas.
